1750 | 1450 | 1250 | 1050

The Comax Serie is designed by Comaglio for the DIY market. This series offers the perfect combination: guaranteed fonctionality using Comaglio patented mechanisms and detailed attractive design thanks to a removable seal in black metallic finish with a cover plate and matching end-caps available in 7 finishes. Accessories and complete reversibility make this Comax range applicable to all types of doors. For more economical use, Comaglio suggests the item 1250 in brushed or paint finished aluminium and the new item 1050, screwed on or dual adhesive in coloured PVC.

DO IT YOURSELF
